Money Talks “No Frivolous Spending”
25 February from 1500-1630

TSP, Saving, & Basic Investing
26 February from 1500-1630
The stock and bond markets can change rapidly. By the time you react to the situation, the market may be moving in the opposite direction, and you could miss out on significant gains. Remember that investing for retirement is for the long-term. Try not to let short-term market movements steer you off course.

Young, Fab, & Financially Stable
27 February from 1500-1630
If spending gets a little (or a lot) out of control, seek help from friends, family or a financial counselor to get back on track. The ability to control discretionary spending is an invaluable skill, one you will use throughout your life.
