May 2014 • Happenings 7
The 39th MDG is teaming up with the President’s Council on Fitness, Sports, & Nutrition in honor of National Physical Fitness and Sports Month.

- We challenge you to get 30 minutes of physical activity every day.
- Did you know that regular physical activity increases your chances of living a longer, healthier life? It also reduces your risk for high blood pressure, heart disease, and some types of cancer.

The Physical Activity Guidelines for Americans recommend that adults:

- Aim for 2 hours and 30 minutes of moderate aerobic activity each week (things like walking fast, dancing, swimming, & raking leaves).
- Do muscle-strengthening activities – like lifting weights and using exercise bands – at least 2 days a week.

If you haven’t exercised for some time and you have health concerns, you may want to talk to your doctor before starting a new exercise routine. Call 676-6666 to schedule an appointment.

- The Fitness Center offers weekly exercise classes. View their class schedule by going to http://www.39fss.com/fitness.html.
- Visit http://www.fitness.gov/ for additional information on being active, eating healthy, and other resources.

**Skin Cancer Awareness Month Reminder**

Reduce Your Skin Cancer Risk with These Prevention Guidelines

1. Seek the shade, especially between 1000 and 1600 when the sun is strongest.
2. Do not burn—a person’s risk for melanoma doubles with 5 or more sunburns in a lifetime.
3. Avoid tanning booths—Indoor UV tanners are 74% more likely to develop melanoma.
4. Cover up with clothing—including broad-brimmed hat and UV-blocking sunglasses.
5. Use broad spectrum (UVA/UBA) sunscreen—water-resistant SPF of 30 or higher for extended outdoor activity.
6. Keep newborns out of the sun—their skin is extremely vulnerable.
7. Examine your skin head-to-toe every month—but also get annual exams by a physician.

For additional info go to [http://www.cdc.gov/cancer/skin/basic_info/prevention.htm](http://www.cdc.gov/cancer/skin/basic_info/prevention.htm).

Snake & Black Castle Hike
Spend your day hiking two different castles and getting to experience the beautiful scenery. Snake Castle, “Yilankale” was an Armenian stronghold and Crusader castle of the 12th Century. It has 8 towers and strategically beautiful views of the Ceyhan Plain below. Black Castle, “Toprakkale”, is incredibly well-preserved. It has interesting architecture and an excellent view across the Cilician Plain. Originally a Byzantine fortress, the castle was altered by Armenian masons for the Hospitallers in the 12th Century, and its double walls and baffling entrances made it nearly impregnable. $35 per person, ages 7-12 are $15. Bring TL for lunch at a restaurant just below Snake Castle with a dazzling view of the surrounding farmland, rock quarry, and chicken silos.
